

Thank you for visiting the website on behalf of the Children's Network of Hillsborough Board of Directors. Whether you are looking for help, information, connection, opportunities to serve, or are just curious about what we do, welcome. We are honored to serve alongside our extraordinary staff, partners, and parents in serving children and families in seasons of vulnerability. We pledge to you, our kids, parents, and our community to ensure that CNH operates at the highest levels of professionalism and compassion as we work together to protect kids and serve families.

*Children's Network of Hillsborough, Board of Directors*

"Thank you for visiting the CNHC website. I am honored to serve on a Board of Directors that helps our children gain access to life-giving services. The CNHC team works with families to ensure children are safe and gain access to a nurturing environment. The Bible tells us to start children off on how they should go; even when they are old, they will not turn from it. Children's Network is working to ensure that children have what is needed so they are guided with love in the way they should go. This changes the trajectory of their lives, which is doing God's work."

*Board Member, Tina Forcier*

"Every child deserves safety, security, dignity, respect, and opportunity. This is the mission that inspires and drives the Children's Network of Hillsborough County Board of Trustees. We support the Children's Network with our time, resources, experience, and commitment because the Children's Board successfully serves this mission to protect children and preserve families every day. We are honored to serve an organization with the commitment to ensure every child has a loving, permanent family. We are grateful that the organization we serve has helped the Tampa Bay area succeed with an 85% increase in adoptions compared to the prior year and achieved unsurpassed safety and quality of life ratings in foster homes. If you seek to help children with your charitable giving or career passion, we welcome the opportunity to share our experience supporting the Children's Network of Hillsborough County."

*Board Member, Evan Brownstein*
